

# NorthPark Center Art Exhibit

April 1 - 29

Children's Cancer Fund + NorthPark Center are coming together to showcase pediatric cancer patients in this unique pop-up art exhibit. This interactive exhibition will focus on one-of-a-kind art pieces created by pediatric cancer patients. This form of Art Therapy, alongside Pet Therapy, are critical pieces of patient care as they relieve stress, give kids a creative outlet, and bring much-needed comfort during difficult times. This special campaign will bring awareness to the strength and resilience of kids in our community.

## Children's Cancer Fund Mission

Children's Cancer Fund champions kids in their fight against cancer through strategic investments in research and care in North Texas. We are a nonprofit organization based in Dallas, Texas that generates funds through several fundraising events throughout the year and private donations. It is CCF's mission to provide the care these children need, and ultimately, to find a cure.

## The battle against childhood cancer cannot be fought alone. We need your support and generosity.

By sponsoring the Patient Art Exhibit and NorthPark Center, you will not only be joining the fight against childhood cancer, you and your company will also benefit from:

	Title \$25,000	Portrait \$10,000	Inspiration \$5,000	Imagination \$2,500	Mural \$1,000	Artist \$500
